

## Project Partner Search Form

- I offer my expertise to participate as a Partner in a Horizon Europe Project  
 I am planning to coordinate a project and I am looking for Project Partners

### TOPICS OF INTEREST

***CBRN-E events, disaster risk management, civil protection, first response, resilient society***

We are interested in the following calls under the Horizon Europe programme:

**HORIZON-CL3-2022-DRS-01-08 - “Enhanced situational awareness and preparedness of first responders and improved capacities to minimise time-to-react in urban areas in the case of CBRN-E-related events”**

### PARTNER INFORMATION

***IMT is a public institution dedicated to higher education, research and innovation in engineering and digital technologies. IMT is made up of: IMT Atlantique Bretagne-Pays de la Loire, IMT Lille Douai, IMT Mines Albi, IMT Mines Alès, Mines Saint-Étienne, Institut Mines-Télécom Business School, Télécom ParisTech and Télécom SudParis ; Eurecom ; Armines, Mines Nancy and Mines ParisTech.***

***IMT is currently gathering and coordinating a consortium of partners around this HORIZON EUROPE project call, namely HORIZON-CL3-2022-DRS-01-08, and wishes to share its interest in involving public first responders in the project, in order to test the developed solutions and draft case studies and pilots.***

#### Description of the Legal Entity

- |  |  |  |
|--|--|--|
| <input checked="" type="checkbox"/> Higher Education | <input checked="" type="checkbox"/> Research Institution | <input type="checkbox"/> Public Administration               |
| <input type="checkbox"/> Industry /SME               | <input type="checkbox"/> NGO                             | <input type="checkbox"/> Other: <b><i>Please specify</i></b> |

#### Description of the (Research) Team

***Gathering expertise from public and private entities from 8 European countries + 2 third countries, the research Team for this project focuses on a global end-to-end solution to real problems in the increasing complexity required for the management of CBRN-E events, be them of accidental or terrorist nature.***

***The collaborative research work addresses: connected sensors / IoT, cloud-to-edge computing, secure communication, trusted virtual collaborative environments, and explainable AI-based decision support systems.***

#### Expertise of the Team Leader

***Cloud-to-edge computing, AI-based decision support systems, software design***

#### Potential role in the project

- |   |  |
|---|--|
| <input type="checkbox"/> Research                 | <input checked="" type="checkbox"/> Training                 |
| <input checked="" type="checkbox"/> Dissemination | <input type="checkbox"/> Other: <b><i>Please specify</i></b> |

Already experience as a Coordinator  YES  NO

Partner	<input checked="" type="checkbox"/> YES	<input type="checkbox"/> NO
Expert Evaluator	<input type="checkbox"/> YES	<input checked="" type="checkbox"/> NO
